8+ years connecting research, discovery and cross-functional leadership to product strategy and roadmap decisions in B2B/fintech ecosystems — from identifying market opportunities to launch and impact measurement.

SKILLS

Product Strategy & Roadmap

Continuous Discovery & Prioritization

Cross-functional leadership (Product/Eng/GTM)

End-to-end UX Research

ResearchOps

Service Design & UX Writing

CX & product metrics

EXPERIENCE

Conta Simples

Mar 2022 – Sep 2026

UX Research Specialist

Jan 2026 – Sep 2026

- Lead highly complex strategic research to inform roadmap and positioning decisions, presenting recommendations to senior leadership and sponsors.
- Created and own the Product Differentiation Index, a proprietary framework guiding competitiveness and market positioning decisions.
- Define CX and engagement metrics across the customer lifecycle and lead the evolution of ResearchOps, scaling processes and AI for data-driven decisions.

UX Research Lead / Research Manager

Dec 2023 – Jan 2026

- Led a multidisciplinary Design and Research team, structuring the Service Design, UX Research and UX Writing chapter and setting priorities aligned with business strategy.
- Defined product strategy and roadmap connecting customer pains, market opportunities and OKRs — acting as the bridge between Research, Product and Engineering.
- Co-created the SDLC/Triple Diamond methodology with Engineering, embedding research into the development cycle from discovery to post-launch, and implemented Continuous Discovery rituals with AI.

Senior UX Researcher

Mar 2022 – Dec 2023

- Ran discovery-to-rollout for product initiatives (Users/Permissions management, Spend Policies) with measurable impact after launch.
- Led the redesign of the Information Architecture and Service Blueprint of backoffice operations, prioritizing the highest-impact frictions for the roadmap.
- Translated field data into actionable insights tied to OKRs and product indicators, supporting prioritization decisions with Product and Engineering.

No One – Business Transformation Through Design

Oct 2018 – Mar 2022

Senior UX Researcher

- Ran end-to-end qualitative and quantitative research, usability testing, and journey and service-ecosystem mapping.
- Led and facilitated co-creation and Design Thinking workshops with executives, delivering strategic presentations to senior leadership.
- Led projects for clients such as Localiza, Unimed, Sicredi, O Boticário and Lojas Renner; co-author of the Futuro Tensionado report (Bornancini Gold Award).

8 Total Brand

Aug 2014 – Jan 2017

Digital Analyst

- Market research, digital ethnography and KPI definition to guide strategic planning and brand crisis management.

BriviaDEZ

Jun 2013 – Aug 2014

Social Media Analyst

- Social listening and communication planning for accounts such as Midea Carrier, Gerdau and ThyssenKrupp Elevadores.

Agência Cadastra

Aug 2012 – Jun 2013

Content and Online Media Assistant

- SEO, link building and content management for accounts such as Renner, Volvo Trucks and Insper.
